

AGESCAN INTERNATIONAL INC.

180 West Beaver Creek Road, Richmond Hill, ON L4B 1B4, Canada

www.agescaninternational.com

Agescan International Inc. (“Agescan”) has been a professional trading company based in Toronto, ON Canada since 2015. We utilize our strong precious metal material background and deep connections with worldwide manufacturers to supply premier material products to nuclear medicine, outdoor sports and aerospace industries in North America.

To cope with current unprecedented covid-19 public health crisis, Agecan takes ownership and corporate social responsibility and has donated thousands of masks and PPE to business and local communities in the states of MN, AR and OR. In the meanwhile, Agescan strives to maximize our contribution by supplying premier quality medical equipment and PPEs at the most economical methods to government and business sourcing channels.

We will win this battle, because we are fighting together!

Notes on Price:

U/P(1): Price for daily average immediately available stock from DAY ONE; can accumulate;

U/P(2): Price for schedule production. Price is discountable upon cumulated volume.

All price is in USD, CIF USA airport.

Expense of customs clearance and transportation (UPS) will be charged additionally upon invoice. (E.g.: \$0.15 for one N95 mask.)

Notes on Brand:

2-5 qualified brands of each category for customer's selection.

Other available products:

KN95 Mask: 100K Unit / Day, U/P(1) \$1.87; 300K+ Unit / Day, U/P(2) \$1.82

* **Disposable Medical Mask:** 500K Unit / Day, U/P(1) \$0.42; 500K+ Unit / Day, U/P(2) \$0.40

* **Disposable Mask:** 500K Unit / Day, U/P(1) \$0.36; 500K+ Unit / Day, U/P(2) \$0.35

"*" refers to non-sterilization products.

Other products available per request.

Notes:

According to the information provided by China medical suppliers, the protection effect of COVID-19 is: Protective Medical Mask > N95 > Medical Surgical Mask. Disposable Medical Mask and Disposable Mask has very limited protection, and are only recommended to use when above 3 types of masks are not available --- Better Than Nothing. NOT recommend doctors/nurses/other high-risk staff to use these two types of masks.
